

**CUEVA DEL GATO**  
**BOCA DE LA CUEVA DEL GATO**

This aerial photograph shows the Cueva del Gato site. A central road runs vertically through the middle. To the left is a rocky, light-colored cliff face. To the right is a large, flat, brownish field. A winding dirt road branches off from the main road. Several buildings are visible, including a large one with a red roof and a blue roof. Three specific locations are marked with red triangles and black dots, each with a text label. A scale bar is located in the bottom left corner.
